Declaration of Elective Option — Department of Physics

Student's Name: _____ UIN _____

Student's UIUC email: _____ College (circle one): LAS ENG

Instructions: Students in the LAS Science and Letters or Engineering Physics programs use this form to declare an elective option. The official list of elective options for your program is available here:

LAS Science and Letters: http://physics.illinois.edu/undergrad/las-options.asp
Engineering Physics: http://physics.illinois.edu/undergrad/ep-options.asp

If you choose an option from the official list, fill out this form and bring it to 290W Loomis for the Advisor's signature and then take the form to your college's office. Please include the course name, number, hours and which semester you plan to take (or have taken) the course.

Declaration of an option from the official list. Option is _____

If you are choosing a custom option, this must be done in consultation with the academic advisor for your program. Fill out this form and contact the academic advisor for an appointment to go over your proposed custom option. Please include the course name, number, hours and which semester you plan to take (or have taken) the course. After having received the signature of the academic advisor, bring the form to your college's office.

Declaration of a custom option. Name of proposed option is _____

Proposed schedule for courses in your option (please include courses you've already taken):

Course rubric (e.g. PHYS 460)	Course name	Hours	Semester
	Total hours		

Academic advisor's approval of elective option _____

Merissa Jones
290W Loomis Laboratory of Physics

Notes:
- For students in Engineering Physics, you are automatically placed into the Professional Physics option. Engineering Physics students wishing to stay in the Professional option do not need to submit this form.
- All LAS Science and Letters students must submit this form and declare an elective option.
- LAS Specialized and LAS Teaching Option students do not declare an elective option.
- This form can be downloaded here: http://physics.illinois.edu/undergrad/option_declare.pdf
