

2009 Saturday Physics Honors Program

2009 Program Schedule

- September 19** **Exotic Superconductors: New Mysteries,
Exciting Applications**
UIUC Professor Dale Van Harlingen
- October 3** **Decision Making in Living Cells**
UIUC Professor Ido Golding
- October 17** **The Dark Side of the Universe:
Shadow Matter and Antigravity**
UIUC Professor Brian Fields
- October 31** **Understanding Complex Systems**
UIUC Professor Alfred Hubler
- November 14** **The Atom Chip**
UIUC Professor Benjamin Lev
- December 5** **From Blindness to Sight:
The Physics of Vision Restoration**
Samir Sayegh MD, PhD

- Room 141 Loomis Laboratory of Physics 1110 W. Green Street, Urbana, IL 61801
Department of Physics University of Illinois at Urbana-Champaign
- Saturday Honors Physics Program is an outreach program for high school students and the general public. All lectures are free and begin at 10:15 am. Parking is available on the east side of Loomis Lab in lot B21.
