Illinois Physics REU

- Condensed matter physics
- Atomic & molecular optics
- Biophysics
- High Energy Physics
- Nuclear Physics
- Physics Education
- Astrophysics
Illinois Physics REU

- 10 week program
- Begins after Memorial Day
- Program starts with orientation
- Weekly presentations by faculty
- Other seminars:
  - Ethics
  - Writing
  - Presentation skills
  - Posters
- Tours: NCSA, Fermilab, Argonne
- Students give 3 talks
- Students write a final paper
- Students participate in outreach events
- Fun social events (Six Flags, canoeing)
Physics REU

- It’s fun
- You learn a lot
- Make friends for life
- Apply online
